Impact Report

FYE 2020

We know that death doesn't discriminate. The feelings of grief can overcome those aged 5 or 95, and affect every background, faith and education level. For some, it sneaks in slowly. For others, it hits like a ton of bricks. Luckily, no one in our community has to grieve alone.

Thanks to the generosity of people like you, the Mourning Hope Grief Center has been able to provide no-cost grief support groups, counseling services, community education and so much more to thousands of children, adults and families.

We believe that nobody should be turned away when they're struggling most.

We pride ourselves on keeping our doors lovingly open to all. We work hard to create a safe space in times of turmoil and uncertainty. With your help, we can be immediately prepared to meet the needs of our grieving community.

Please consider making a donation today by completing the form enclosed or online at mourninghope.org. The grieving hearts in our community depend on it.

Everyone deserves the opportunity to grieve in a supportive environment.

- ☀️ **Because the death of a family member can bring financial instability and life-altering changes, our services are available at absolutely no cost, and no one is ever turned away.**
- ☀️ **This year, we moved into our forever home—a welcoming space to support one another in our grief. All races, all religions, all countries of origin, all sexual orientations, all genders and all abilities are welcome here.**
- ☀️ **In 2021, Mourning Hope will be needed more than ever. We will be called up to mitigate the aftermath of COVID-19—the largest public health crisis facing our country in decades.**

GIVE HOPE so no one has to grieve alone.
